Workshops on

**Purchasing Quieter
Products and Services**

to be conducted in

Denver, Colorado August 13
Bettendorf, Iowa September 17

sponsored by

National Institute of Governmental
Purchasing, Inc. (NIGP)
National League of Cities (NLC)
Colorado Municipal League
Eastern Iowa Governmental
Purchasing Association Chapter of
NIGP
League of Iowa Municipalities

Purpose

Excessive noise, regardless of its source, has an adverse impact on our health and well-being. Local government services are often noisier than they need to be since quieter models of noisy equipment are generally available at competitive prices. This workshop will show you that "Buying Quiet" requires little additional effort, and it will provide you the information you need to purchase quieter products and services at little or no additional cost.

Who Should Attend

Officials involved in administration, purchasing, public works, public safety, transportation, grounds maintenance, noise control, and related activities. Also, industry officials and citizens interested in a quieter environment.

What You'll Learn

- How to specify quieter products
- How to make sure you get what you ask for
- Who to contact for further information and technical assistance
